

# EPA Health and Safety, Certificate

**Provider:** Environmental Management Inc

**Length:** 40 Hours

**Cost:** \$925

**Cost Unit:** Cost of the entire program

## Website

<https://emi-alaska.com/safety%20training.html>

This 40 hour EPA course, is designed for personnel involved with the investigation and remediation of uncontrolled hazardous waste sites and response to an accident involving hazardous materials. It meets the requirements of 29 CFR 1910.120 (e)(3)(i) Hazardous Waste Operations and Emergency Response (HAZWOPER). After completing the course, participants will be able to identify methods and procedures for recognizing, evaluating, and controlling hazardous substances, identify concepts, principles, and guidelines to properly protect site or response personnel, discuss regulations and action levels to ensure health and safety of the workers, discuss fundamentals needed to develop organizational structure and standard operating procedures, select and use dermal and respiratory protective equipment, and demonstrate the use, calibration, and limitations of direct-reading air monitoring instruments. After completing this course, participants will be more knowledgeable in hazardous waste operations, team functions, personnel health and safety procedures, and operation of field monitoring equipment. Participants are required to wear chemical protective clothing and respirators.
